# ABOUT COMPANY

TAVAK INTEGRATED SERVICES LIMITED is a privately owned Nigerian limited liability company incorporated in 2011 to provide high technical and consultancy services to the Nigerian Engineering, Construction and Technology Industry within the West African sub region.

The company specializes in designing and implementing Electrical, Electronic, Instrumentation, HVAC and Mechanical Engineering Services related to Construction Industry Systems, Manufacturing Industry Systems, Domestic Systems, Petroleum Exploration and Production related services.

TAVAK INTEGRATED SERVICES LIMITED has over the years increased in wealth of experience, facilities and personnel; it has well qualified engineers and professionals who have considerable expertise in various fields of engineering projects, procurement, supplies and consultancy services. TAVAK INTEGRATED SERVICES LIMITED can also draw on the resources, capabilities and experience of her local and foreign technical partners.

The company's head office/ base is located at Plot 6, Wosu Avenue, off Igbo-Etche Road, Rumuokwrushu, Port Harcourt, Rivers State, Nigeria.

In other to enhance field logistics support in the Eastern and Western Nigeria and contiguous offshore areas, the company has three operational bases in the Lagos and Abuja in addition to the international office in the United Kingdom.

# CEO MESSAGE

Since our founding in 2011, Tavak Integrated Services Limited has earned a strong reputation for excellence in EPCI services—delivering top-tier electrical, instrumentation, HVAC, and mechanical solutions across the construction, manufacturing, and oil & gas sectors.

Our team brings together over 30 years of combined local and international experience, enabling us to consistently execute projects to the highest standards. We are driven by a firm commitment to safety, quality, and environmental responsibility.

Trusted by our clients, we continue to embrace innovation and cutting-edge technologies to solve today's complex challenges while preparing for the demands of the future.

At Tavak, we deeply value our people—recognizing that our success is built on the expertise, dedication, and growth of every team member.

Engr. Victor T. Adediran. MNSE, MIET  
CEO & Co-Founder  
Tavak Integrated Services Limited

# **CORPORATE MISSION STATEMENT**

Our mission at TAVAK INTEGRATED SERVICES LIMITED is to forge enduring partnerships with our clients through exceptional expertise and cost-effective solutions tailored to each project.

We foster a productive workplace culture equipped with cutting-edge technology and resources that empower our team to deliver outstanding results.

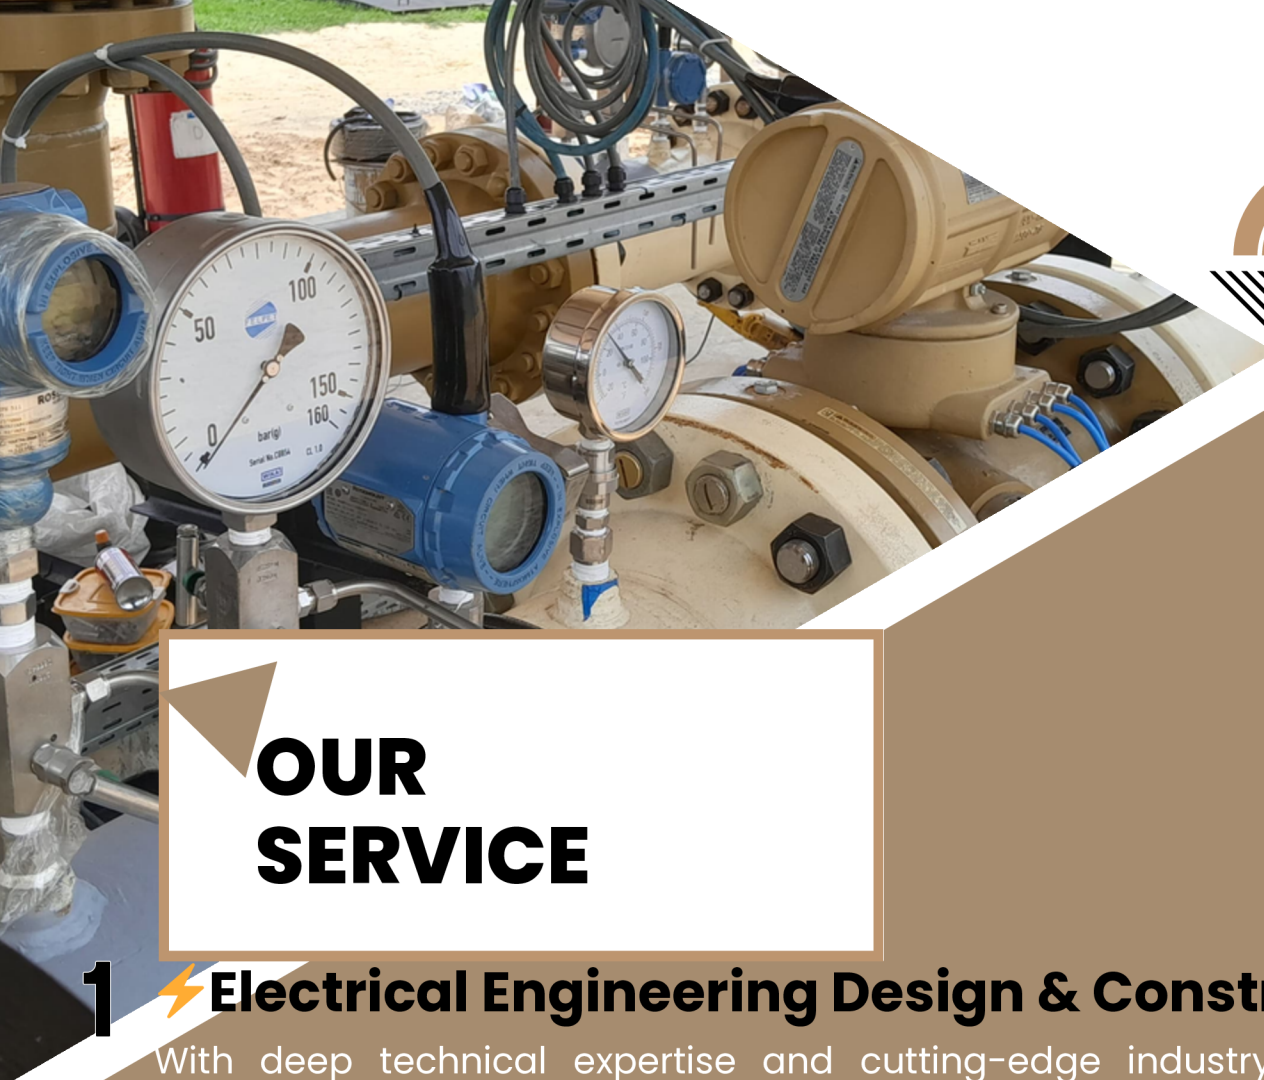

We welcome strategic alliances and partnerships with like-minded organizations that share our vision and can expand our operational capabilities.

Above all, integrity remains the cornerstone of every business relationship and transaction we undertake.

ORGANIZATIONAL OBJECTIVES TAVAK INTEGRATED SERVICES LTD. commits to:

- Delivering unwavering excellence through Total Quality service
- Cultivating robust, collaborative partnerships with our clients
- Implementing transparent, precise, and effective solutions to complex challenges
- Maximizing operational efficiency and financial performance
- Maintaining a competitive advantage through strategic alignment of organizational strengths with market opportunities while proactively addressing potential threats and internal limitations

## OUR SERVICE

### 1 ⚡ **Electrical Engineering Design & Construction**

With deep technical expertise and cutting-edge industry software, we provide end-to-end electrical systems engineering and design services. Our capabilities span power systems, power distribution (LV/MV), lighting systems, automation and instrumentation, earthing and lightning protection, generator and UPS integration, panel design and fabrication, and electrical installations for industrial, commercial, and oil & gas facilities.

### 2 🛠️ **Mechanical Engineering Design & Construction**

We deliver energy-efficient, reliable mechanical systems through practical and innovative solutions. Our services cover HVAC design and installation, plumbing and drainage systems, fire protection systems, compressed air systems, fuel and gas piping, building management systems (BMS), and mechanical works for industrial and commercial infrastructure.

### 3 🏗️ **Oil & Gas Industry Services & Manufacturing facilities**

We provide specialized engineering and technical solutions for the oil & gas sector and manufacturing facilities. Our services encompass automation systems integration, instrumentation and process control, distributed control systems (DCS), SCADA implementation, P&ID and control system design, loop and functional testing, system commissioning. Additionally, we offer EPC (Engineering, Procurement, and Construction) services and ongoing maintenance support to ensure long-term operational efficiency, safety, and compliance.

## OUR SERVICE

### 4 **Security & Surveillance**

We deliver comprehensive security solutions—including access control, Explosion Proof CCTV systems, intrusion alarms, and public address systems—designed to safeguard your assets and ensure the safety of personnel.

### 5 **Telecommunications**

From fiber optic cabling and structured network infrastructure to radio, microwave, and RTU communication systems, we design and deploy reliable, high-performance telecommunications solutions. Our expertise covers data and voice networks, wireless access points, PABX systems, IP telephony, network security, satellite communications, and SCADA/telemetry integration—ensuring seamless connectivity for mission-critical operations

### 6 **Renewable Energy Solutions**

We harness natural resources—solar, wind, and biogas—to deliver clean, reliable, and sustainable energy systems. Our services include solar PV system design and installation, hybrid power solutions, battery energy storage systems (BESS), solar-powered lighting, off-grid and grid-tied systems, and energy audits tailored to residential, commercial, and industrial applications.
